Brand New Book ***** Print on Demand *****.Excerpt from The Philosophy of Memory and Other Essays, Consisting of Articles on the Philosophy of Emphasis, the Functions of the Fluid Wedge, the Birth of a Planet, the Laws of Riverflow This book deals with a number of interesting problems that have held a leading place in the attention of many of the foremost philosophers and scientists of the last three centuries: problems that for the most part have up to the present remained confessedly unsolved. The leading essay, The Philosophy of Memory, is an effort to establish the wave or vibration theory of mind. It treats of the common force of nature in its relation to the vital force; the nature of the soul, its possible or probable origin, and its relation to vital manifestations; the nature of mind and conscious as well as subconscious mental activities; of memory as the result of vibrations persistent in the brain cells; of the resemblance between the cast of memories and of the external activities that arouse them, and of the process by which thoughts, ideas, and emotions...
