THE WATER HIGHWAYS OF THE INTERIOR OF AFRICA: WITH NOTES ON SLAVE HUNTING AND THE MEANS OF ITS SUPPRESSION WITH MAPS (CLASSIC REPRINT) (PAPERBACK)

Brand New Book ***** Print on Demand *****.Excerpt from The Water Highways of the Interior of Africa: With Notes on Slave Hunting and the Means of Its Suppression With Maps The Council of the Philosophical Society of Glasgow having in contemplation the formation of a Geographical and Ethnological Section suggested my reading a Paper bearing on these departments of Science. The great problems of African geography which have just been solved, with some notice of the ethnological problems on which we are now entering, presented to my mind a suitable subject. If, in a general and introductory form, this Paper paves the way for the scientific treatment of these subjects by others at future meetings of the Society, I shall feel that my object has been attained. The subject is at present of intense public interest. While I have not hesitated to direct attention to questions of practical bearing and importance, I have endeavoured to do so by the statement of facts which are within the sphere of a Philosophical Society. By the title of this paper I wish to indicate that my object is not entirely scientific. My purpose is to show what use can be made of the water systems of Central Africa; and so far my remarks will be of the nature of what the Germans call Commercial Geography. The map I exhibited of East Africa was the part completed of the great map of Equatorial Africa, now in preparation by Mr. E. G. Ravenstein for the Royal Geographical Society. The scale of this is about 16 miles to an inch. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is...
