The most current version is only available directly from Amazon, Barnes Noble and Sterling Test Prep. This book provides 679 physics practice questions that test your knowledge of all topics tested on the AP Physics 1 exam. It contains three diagnostic tests (with three more available online) to help you identify the topics you are not well prepared for. It also contains eight sections of topical practice questions, so you can selectively work with the topic you need to study and master. In the second part of the book, you will find answer keys and explanations for the problems in the diagnostic tests and topical practice questions. The explanations provide step-by-step solutions for qualitative questions and detailed explanations for conceptual questions. The explanations include the foundations and important details needed to answer related questions on the AP Physics 1. By reading these explanations carefully and understanding how they apply to solving the question, you will learn important physical concepts and the relationships between...
