Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Bloomsbury Academic Sep 2014, 2014. Taschenbuch. Book Condition: Neu. 228x151x22 mm. Neuware - Leading feminist scholars and activists as well as new voices introduce and explore themes central to contemporary ecofeminism. Ecofeminism: Feminist Intersections with Other Animals and the Earth first offers an historical, grounding overview that situates ecofeminist theory and activism and provides a timeline for important publications and events. This is followed by contributions from leading theorists and activists on how our emotions and embodiment can and must inform our relationships with the more than human world. In the final section, the contributors explore the complexities of appreciating difference and the possibilities of living less violently. Throughout the book, the authors engage with intersections of gender and gender non-conformity, race, sexuality, disability, and species. The result is a new up-to-date resource for students and teachers of animal studies, environmental studies, feminist/gender studies, and practical ethics. 272 pp. Englisch.
