ALTHUM.COM, 2008. Book Condition: Nuevo. O livro de Heitor Baptista Pato fala-nos de todos estes problemas e explica-nos o Cabo Espichel como uma unidade orgânica: espaço e luz, imensidão e trevas, mar bravio e vento, espuma e gaivotas, arquitectura e arte, natureza e pacificação, silêncio e infinitude, sob a égide de gerações de homens devotos na sua veneração do transcendente. A partir de uma análise dos tempos antes das origens, e do estudo da tradição medieval no culto da Senhora do Cabo, segue um percurso de atenção às petrofanias, aos votos comunitários, às intermediações hierofânicas, aos ritos protectores, à força da religiosidade popular, e à marca de gerações sucessivas, para poder contar-nos uma história faseada dos Círios, do giro saloio, das épocas de maior esplendor ou declínio do Santuário, das conturbações religiosas e políticas que fazem a própria História deste lugar com alma, e do mais, do muito mais de que nos dá conta neste livro exemplar. Vítor Serrão.
