

Renaissance Thought and Its Sources (Paperback)

Filesize: 8.85 MB

Reviews

It becomes an amazing book which i actually have at any time study. It is actually loaded with wisdom and knowledge You wont sense monotony at at any time of your respective time (that's what catalogues are for regarding should you request me).

(Rosina Schowalter V)

RENAISSANCE THOUGHT AND ITS SOURCES (PAPERBACK)

Columbia University Press, United States, 1981. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Renaissance Thought and Its Sources presents the fruits of an extraordinary lifetime of scholarship: a systematic account of major themes in Renaissance philosophy, theology, science, and literature, show in their several settings. Here, in some of Paul Oskar Kristeller s most comprehensive and ambitious writings, is an exploration of the distinctive trends and concepts of the Renaissance, grounded in detailed historical investigation.All of these fourteen essays were originally delivered as lectures. Part One identifies the classical sources of Renaissance thought and exposes its essential physiognomy, indicating its humanist, Aristotelian, and Platonist traditions. The next two parts present Renaissance thought in the historical context of the Latin and Greek Middle Ages. Part Four offers a thematic study of Renaissance thought, examining its characteristic conceptions of man s dignity, destiny, and grasp of truth. Part Five forms a summary from the perspective of a central theme of Renaissance intellectual life and of the entire Western tradition: the relation of language to thought and the seemingly insoluble contest between our literary and philosophical traditions.The reader of Renaissance Thought and its Sources enjoys the results of meticulous study in a concise yet comprehensive format. Throughout, Kristeller achieves a graceful blending of sever historical scholarship and adherence to humane values that the editor calls nearly a lost art in our times.
