Grandmothers are storehouses of loving. They know how to hug and dry tears better than anyone. A relationship between a grandmother and a grandchild cannot be replicated. It goes to the heart of faith, morality, life, and love. Grandmothers share themselves by teaching life lessons in fun ways. But there s nothing more awesome than watching a child s world expand to include those values and morals as he incorporates these beliefs into his own moral code. Biblical principles such as forgiveness, tattling, making do, being compassionate, having a good attitude, never giving up, and sharing, as experienced through a child s eyes, gives a whole new meaning to the importance and influence of grandparents.
