Dimensions: 8.8in. x 5.8in. x 0.3in.(Includes USA Friendly Content plus the Principles Taught In This Book Are Transferable To Any Country) Whenever the word Business Plan is mentioned most people freeze! What follows are the words I dont know how to write one. This is why I have taken the lid off and written in plain English what needs to be considered and included in a business plan. This book has been written to help those who are writing plans for the first time or for those who write business plans infrequently (Even seasoned business plan writers will learn one or two things, I promise!) . I have included two different types of Business Plan Templates. The first one is for those who feel they need a very Comprehensive Business Plan and the second template is what I have called a Power Point template that can assist you in writing a business plan in just a few hours. Whichever one you choose to use, I want you to know that the information contained in this book has been used to help many start-up and growing businesses and I am confident will be of tremendous value to you.
