Introducing Mathematics: A Graphic Guide

By Ziauddin Sardar, Jerry Ravetz, Borin Van Loon

Icon Books Ltd. Paperback. Book Condition: new. BRAND NEW, Introducing Mathematics: A Graphic Guide, Ziauddin Sardar, Jerry Ravetz, Borin Van Loon, What is mathematics, and why is it such a mystery to so many people? Mathematics is the greatest creation of human intelligence. It affects us all. We depend on it in our daily lives, and yet many of the tools of mathematics, such as geometry, algebra and trigonometry, are descended from ancient or non-Western civilizations. Introducing Mathematics traces the story of mathematics from the ancient world to modern times, describing the great discoveries and providing an accessible introduction to such topics as number-systems, geometry and algebra, the calculus, the theory of the infinite, statistical reasoning and chaos theory. It shows how the history of mathematics has seen progress and paradox go hand in hand - and how this is still happening today.
